Dear Mike,

There was one missing from the copies you made me from CD87 and gave me yesterday. That is the report including a translation of a letter written Oswald from Cuba, after his murder, and addressed to him at the Paine's. I'd appreciate a copy of this and of the original letter, which is in Spanish.

Also, I have misplaced my list of the documents on David William Ferrie. Marion gave me one long ago. It listed all the documents in which he is referred to and those that are withheld. Would you please mail me this also?

If there is a copy of Secret Service Control 449, 454 and 470 (all in CD87) that is more legible in any other files, I'd appreciate a copy or copies, also mailed. As you know, these are pretty pale.

Thank you very much.

Sincerely,

Harold Weisberg
